NEW SPRING AND SUMMER GOODS FOR 1869.

FACTS FOR THE PEOPLE. SHOES! SHOES!!

A large assortment, come along, bring your G cents, and Creech's is the place to buy your Shoes.

Bonnets, Spring styles, some small enough and some large enough. For Ladies, Misses and Children trimmed and untrimmed Hats. A beautiful assortment, come lay away your old hat, and always come to Creech's before you buy a new one &c., &c.

Keep it before the people, that I told the people six months ago, that I intended to run through my campaign, with my motto to give each and every individual value received, for their valuable support, giving the Ladies a fine opportunity to exercise there inalienable rights, as well as the gentlemen, and since that time thousands have shown their good judgment by coming and demonstrating the truth of my assertion. I tell you Creech's is the place. And permit me to return my sincere thanks for your very liberal and valuable patronage for the last twenty five years. I hope by strict attention to business and honest dealing, giving each and every one the worth of their money that I will continue to receive a liberal share of your patronage. The rest of my talking I shall do at my place of business which is Creech's corner Fayetteville Street Raleigh

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY. Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

LIFE INSURANCE.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

THE PROGRESS OF IMPERIALISM.

A sagacious American has admirably said, concerning the Constitution of the United States: "Those, therefore, are its truest friends who are most vigilant and unremitting in their efforts to keep it from corruption, and to guard it from decay; whose veneration, as it regards what it has been, and whose affection, as it relates to what it may be, is exceeded only by their fears for its safety, when they reflect what it is." These are wise words. The changes that are sought to be, and have been, engrafted upon that grand instrument, point with unerring precision to a time of calamity to the people, and of decadence to the nation. An instrument that was once looked to as our National chart, is now regarded as a mere system of political platitudes that time has despoiled and rendered almost nugatory. We now hear of Imperialistic pretensions and ideas, and would fain take to ourselves the flattering unction that no harm is meant, no danger is nigh. But the calm, reasoning men of the day descry breakers ahead, and they tremble with an unconcealed apprehension lest the gallant ship should be speedily engulfed in some fearful maelstrom.

And is there not good cause for evil foreboding? When true statesmanship is forgotten amid the rival claims of political charlatans what hope can there be of a future of peace and prosperity? When the destinies of a government are committed to

> "——The puny hands
> Of heroes, whose infirm and baby minds
> Are gratified with mischief, and who spoil
> Because men suffer it——,"

all sincere lovers of country may well be agitated at the prospect, and anticipate only coming trouble and thick disaster.

"Imperialism"—"Imperialistic ideas!" What strange words for a Republic? And yet before the year ends many will have become familiarized and fascinated with them, and satrabs, and mili naires, and disappointed politicians, and tenacious office holders, will wink at or smilingly approve the exponents of such imported and dangerous wares.

The Cincinnati *Commercial* recently held the following language:

"At least one-third of the people of the present States believe the Constitution to have been so changed by continual tinkering, and to have lost so much of its power by misconstruction, that it is no longer a desirable organic law. The other two thirds see inadaptation to the exigencies of our time, and are continually suggesting amendments to it."

It is a good time then for any radical or revolutionary movement. There has been so general an upheaving of the popular mind—such a thorough departure from the old land marks—such an entire abandonment of the principles of the men of revolutionary fame, the great framers of Constitutional prerogatives, that ideas of Imperialistic pretension may easily find a lodgment in the minds of thousands of our people.

General Grant will strive hard to maintain his popularity, already declining, with the American people. He will in all probability bring about a war with some foreign power. There are already two chances for such an escapade. We have some old difficulties to settle with England. The North dislikes that great power, and a war would be popular with the greater part of the Republican party. Besides, recent declarations of the London press express the English sentiment most clearly.—They say that concession on the part of Great Britian has gone to the farthest verge in the negotiation of the Johnson-Clarendon treaty. The English people and English Cabinet are fully united in this decision.—Neither the one will allow, nor the other will give any additional concessions to the demands of the United States government When Sumner's sentimental *fiasco* is read and the demagogueism of the U. S. S. nate in the matter of the treaty is seen, the war-spirit will be as fresh and vigorous in England as it is among Radical spouters at the North.

There is, too, a fair showing for a war with Spain, unless that ancient monarchy should permit our President to carry out certain aggressive and grasping designs against the "Queen of the Antilles." It, however, no war should occur during Grant's reign, then some other measures must be resorted to that the ruling powers may retain their fat places and the army of office-holders may hold on to their lucrative berths. Imperialism then will greatly benefit them.—They will find public sentiment considerably moulded to such views, and then by one bold stroke—by a fortunate *coup de main*, Grant the President becomes Grant the First Emperor. Who is wise enough to declare, truthfully, that this result may not follow? Men are often blinded by passion and prejudice and greed. Our people are blinded now to a very great extent. They have forgotten the lesson of an acute thinker, that "It is a dangerous thing to try new experiments in a government; men do not foresee the ill consequences that must happen, when they go about to alter the essential part of it upon which the whole frame depends." "New experiments," unfortunately for the safety of the country, are being made now upon the frame work of our governmental structure, and some cunning engineer may yet spring a mine and lay in ruins forever the great fabric of our forefathers.

We close with an item in regard to the necessity of the *Imperialist*. The first edition was 10,000, and all was sold but 400. Its place of publication in New York has not been found. Those concerned say, that there is money to carry it along without subscribers. It is handsomely printed. Its mottoes are:

"THE EMPIRE IS PEACE"—"LET US HAVE PEACE."

The Baltimore *Sun* says:

"Its columns are occupied with original argumentsin favor of imperialism, and communications of correspondents from various parts of the country, in the same behalf. There are also extracts from other papers, looking in a similar direction. It is said that another paper, maintaining imperial views, will be started in Philadelphia.

We will publish, as soon as we can, a few suggestive paragraphs from the *Sun*, that are well worthy of consideration.

SOME OF HOLDEN'S APPOINTMENTS.

"*Every office* and every employment in the State, from the most inferior to the most exalted, must be filled by the *friends of reconstruction* and of the NEW STATE CONSTITUTION. So far as the *Executive is concerned* this purpose will be inflexibly maintained."—*Extract from "our beloved" Governor's inaugural.*

The Governor has studiously attempted to carry out the line of policy foreshadowed in the above. He has, until recently filled "every office" with his "friends" and with those who supported "the new Constitution." Their name is legion. But latterly "a change has come over" his perturbed spirit. He waxes liberal. He has become enamored of good Conservatives. He begins to appreciate their worth. He has opened his eyes to Radical inefficiency, and lo! the result. This immaculate *Pub Func!* this man who inaugurated the spirit of secession ten years before the war, and with others, put his signature to the instrument that carried North Carolina with the South in their efforts to resist what they deemed the grossest wrongs; this man who "writes himself Governor," who in his blatherskitting to the natives in his "inaugural" fantaronade, declared that "no" would appoint no man to office (see above) whether it be to "the most inferior" or to the "most exalted," UNLESS he was, according to his idea, "a friend of reconstruction," and voted for (or wanted to) "the new Constitution"—the Governor, "our beloved," has actually in the face of these declarations, (of course no one gave them any special consideration, or believed them,)—this Governor of our honored old Commonwealth, has actually "turned"—turned against his own recorded declarations and has appointed several excellent gentlemen—true Conservatives to office.

It is true these offices are not very lucrative, but, still, they are offices. He has made them magistrates. Why has "our beloved" swallowed so quickly his own words? *What* has made *him* sick? Why does *he* desert his scallawag conpeers and League allies, and bestow his profuse favors and barren honors upon genuine, unflinching Conservatives. The answer is easily given. He has tried his "friends of reconstruction" and "friends of the New Constitution," and has found that *they won't do*. This is the secret of the appointment of certain gentlemen as magistrates in Wake County.

It is reported to us by good authority, that several highly respectable Conservatives in this county have been recently appointed magistrates, and what is material to the facts, the Governor *has been driven* to this course from one of two causes. It is alleged, that he has made them through *necessity*. This, we doubt not, is true, but then, all know who Holden is; all know what he is capable of. It may be, as he witnesses his declining fortunes, and turns uneasily upon his bed of trouble, that he has conceived the idea of "currying favor" with men of character and begins by appointing well known gentlemen of our county to the office of magistrate.

We have, in conclusion, this to say. It will be an omen of good, if the honest and reliable men of the State are more generally appointed to office. We will begin to think that "our beloved" is preparing for another "change of base," when he appoints a few gentlemen to offices of *emolument*. Barren honors are no tests. So if Holden is about to give another acrobatic display upon the political spring-board, and wishes to be suspected of being in earnest, he must give out a few of his "loaves and fishes."

NEW LAW—BUYERS LOOK OUT!—CAVEAT EMPTOR!

We try to keep our readers posted in those "later days," so fruitful in changes, some good (very few,) some bad (quite numerous.)

It has always been the law that taxes are a lien upon *real estate*, so that a buyer of land must see that the seller has paid his public dues. This was not the case with personal property, we presume, because it was thought inexpedient to trammel buying and selling articles of a movable nature.

The law has been changed.

Hereafter, when the assessor, (or list taker) completes his list of taxable property and returns it to the County Commissioners, "The Clerk shall endorse on the copies given to the Sheriff, an order to collect the taxes therein mentioned," *and such order shall have the force and effect of a judgment and execution against the property* of the persons charged in such lists."

This makes the tax list a lien on both real and personal property, and as the taxes will be seven or eight times higher than last year, after the Clerk shall endorse the tax lists as above mentioned, it will not be safe to buy any property without enquiring whether the seller has paid his taxes.

NORTH CAROLINA GOLD.—The Directors of the Mint, during a recent visit to Charlotte, N. C., obtained specimens of ores from different mines in that vicinity, which were assayed at the mint in Philadelphia with the following results: No. 1, gold, $16 50 per ton; No. 2, $90.50 per ton; and silver, $11.50 per ton; No. 3, gold, $15, silver, $5 per ton; No. 4, gold, $90.50, silver, $4.50 per ton; No. 5, gold, $9 per ton.

HEAVY.

The New York *Times* (Radical) has a correspondent in Columbia, South Carolina, who describes the scallawags and carpet baggers of that State. They are of the same breed with ours. Wherever you find them you will perceive the utmost resemblance. He speaks of the scallawags as "white men who have risen into notice and position by means of appeals to the lowest prejudices of the negro and by making him their tool." Very like North Carolina scallawagery that! They evidently are of the same parent stock.

Here is this correspondent's picture of the noble carpet-baggers. They are "jobbing politicians, unsuccessful preachers, and broken-down sharpers from the North—who have flocked in upon us to do what the scallawags did." They are "utterly unprincipled adventurers, sharpers, and gamblers in negro politics." He rather thinks, however, that of the two the scallawag is the meaner, "because he adds to the infamy of the carpet bagger the treachery of being false to his home and friends and race."—Well, that is decidedly "heavy" on the scaly wags. Good for the *Times!*

ENGLISH OPINIONS.

There is a probability of a war with England, if we are to credit the statements of some writers. We doubt not, as we have elsewhere intimated, that a war of some kind would restore to some extent, Grant's waning popularity at the North. As the Yankees have an old grudge against England, because of the late war, the best chance for glory would be to get up a big fight with that power. It is quite probable that the Administration will insist upon an abject apology from England, but it will not be given, if recent articles in the London papers, and the speech of Lord Stanley, at Glasgow, are to be received as indices to British feeling and determination. We give an extract or two that our readers may see what their feelings and determination are. Amongst other things Lord Stanley said:

But, for my part, I have very great faith in the good sense of the American people. I do not think that they can wish to increase their difficulties by getting into fresh quarrels. As for our part, it seemed to me plain and clear from the first, and it seems to me plain and clear now. There has never been any question upon our side of offering reparation for willful and intentional wrong, *because we do not admit, and we have no right to admit, that any such wrong was ever committed by us.* (Applause.) But what we have all along in substance said is this, that international law being vague, and many new points of international law having arisen in connection with the events of the late war it was quite possible that upon either side, or upon both sides, in the absence of precedents to guide us, acts of unintentional wrong might have been done ("hear," and applause,) and that the question whether they had been or not was one which we were perfectly willing to refer to the judgment of any impartial arbitrator. (Applause.) That is in substance the language we have held throughout, and whether it leads to an immediate settlement of the matter in dispute or not seems to me—although I may scarcely some persons by saying it—a matter of very secondary importance. Whatever happens in that respect, we have secured the main point. We shall have satisfied our own conscience, and *we shall put our country unmistakably in the right.* (Loud applause.)

The "Great Thunderer" in an able article upon complications with this country, used the following calm, deliberate language, which cannot be misunderstood:

"It is a great thing, however, to feel ourselves demonstrably in the right. This country has gone to the extreme of concession in the matter of the Alabama claims. It has agreed to refer everything except its own honor to arbitration, and to the judgment of a mixed commission. It has agreed to give Americans who profess to have been wronged every opportunity to assert their claims by providing that the commission shall hold its sittings at Washington. Except absolute submission to every demand the Americans may choose to make, there is nothing further that could have been conceded. The convention in which all this is stipulated has been the work of their own minister and their own Secretary of State, and has received the assent of their own President. If they now set it aside, *our duty will simply be to abstain altogether from further overtures,* and let any proposal for a renewal of negotiations proceed from the American Government.—Should this be the case, our government will be ready to give the proposals a fair consideration. Should it, on the other hand, be the desire of the Americans to keep the question still unsettled, the British nation, having fully manifested its good disposition, will not feel bound, however, to initiate fresh negotiations.

HON. MR. CASSERLY.

This gentleman, the new Democratic Senator for California, has taken a very high rank at one bound in the United States Senate. He closed a recent speech upon the reconstruction project adopted by the Senate of bringing back "into the Union" Virginia, Mississippi and Louisiana, in the following words. It is the eloquence of truth. He said:

"I am sure that the people of these States will act in this matter with an eye to their own duty and to the obligations arising out of the condition of their own communities. Whatever they do, I shall not be disposed to criticise it in any captious spirit. One thing I will say: If the State of my home on the Pacific coast to which I am bound by every tie that can link me to the living or the dead, were to day as the State of Virginia is, upon whose hills we look from these windows, and if the same hard terms were proposed to her by Congress, I think I know that to the extent of my poor abilities and wherever my voice could be heard, I should everywhere, at all times, in season and out of season, urge upon the people of my State this eternal truth of history, of man, and Heaven, that a race can survive everything but its own dishonor brought upon it by its own act.

GENERAL SICKLES.—This notorious character has been prominently spoken of in connection with the Spanish mission, but he is too bad for the more reputable sort of Radicals, and they are quite free and outspoken. William Cullen Bryant, the poet-editor of the New York *Evening Post* thus refers to him:

"It would be better to give him the salary of a foreign minister and keep him at home. As long as there is a respectable man to be had for the place—and there are scores upon scores to be had for the asking—let not such a man as General Sickles be sent abroad as a select sample of our country-men."

REMARKS OF MR. ELLIS, OF CATAWBA.

On his amendment to the School bill defining who is a person of color, April 2, 1869.

MR. SPEAKER:—I submit the amendment, because I deem it very necessary, as there is in this School bill a distinction made on account of race and color. It seems to me that unless there is a statute to define who is a person of color, that it will lead to endless confusion and *litigation.*

This bill provides, in section 51, that "the school authorities of each and every township, shall establish a separate school, or separate schools, for the instruction of children and youth of *such* race, resident therein, &c."

In all the States, if I am not mistaken, where there is a distinction made by Constitution or statute between persons on account of race or color, there is, also, a legal provision showing what constitutes such distinction.

The other day when the Representative from Northampton moved to strike out the words "each race" and insert the words "Caucasian, American and African," I thought his amendment unnecessary and calculated to lead to much greater confusion than the provision in its present shape, though I did appreciate the member's honesty and sincerity in moving the amendment.

The distinction, Mr. Speaker, here spoken of, is no imaginary thing. It is one that exists in nature—it is a reality—it is the work of God—and for the good of both races where they are thrown together should not be lost sight of.

This section, if adopted, will fix a law—a rule that will settle a question, that will otherwise give us much trouble.

Section 65 provides that "all cases of dispute in relation to school matter, not properly belonging to courts of justice, may be referred, first to the County Commissioners and appealed to the State Superintendent of Public Instructions.

From the provisions of this section it is not at all unlikely, that this very question, will at least, in most cases, be left to the County Commissioners and the Superintendent of Public Instruction.

This will, sir, then be the entering wedge to mixed schools in certain counties in the State, and once it is permitted in our public schools, there will be much greater difficulty in changing it than in preventing it now.

I have not said anything yet on this bill. I have voted with those who say they are in favor of separate schools, and conservative measures, on this subject.

I would not have said anything now, but have left this question wholly to others—but for the reason that my name was alluded to on yesterday in connection with this question of distinction of races as one having some knowledge of this subject, and because I deemed a provision of this kind, of great necessity.

This amendment is in the words of a provision in the proposed Constitution adopted by the Convention of 1865-'66.

My position on this question is well known. I took a position in the Convention of 1868, on this question, and I expect to stand by it.

I am one of those who believe in protecting both races as best we can, during their existence together, and I think that wise laws in preserving natural distinctions is the surest course to be pursued for this purpose.

There must be a fixed rule—a starting point—a limit—a law fixing this thing, or section 51 is almost useless. I contend, sir, that those who vote for a school bill like this, without fixing a provision similar to this, votes for a bill that leaves the door open for mixed schools.

How and by what authority can you exclude one having equal parts of white and colored blood from a white school? They are just as much white as black, and you cannot exclude them unless there be a law fixing a limit.

This amendment defines who are persons of color, just as it was always heretofore by the laws of this State.

I am afraid that any law, Mr. Speaker, making a distinction on account of race or color, will be decided unconstitutional.

I would thank any member of this Legislature or any body else, to show me a provision in the Constitution—a chapter—a section—a line—or a single word, sir, that an opinion making a distinction between persons on account of race or color, could be based upon. I was one of those who in the Convention, voted to make this provision plain, and place it beyond dispute, and I then said if it was not put in the Constitution, I would vote always to prevent it by law, and risk the constitutionality of it, and if it cannot be done under this Constitution, by law, I will for one advocate a Convention to alter the Constitution. I hope this amendment, or a similar one will be adopted.

WE COPY the following editorial notice from the Petersburg *Index:*

DEATH OF A VENERABLE AND WELL-KNOWN LADY—HER REMAINS BROUGHT TO PETERSBURG FOR INTERMENT.—Died at Louisa C. H., Va., April 14th, 1869, of paralysis, Mrs. Susan B. Scharch, aged 73 years.

On Friday morning the remains of this venerable lady, who will be remembered as the widow of the late Col. Edward Pescud, of this city, and daughter of the illustrious Peter Francisco, of Revolutionary fame—were brought to Petersburg for interment, in charge of her son, Mr. P. F. Pescud, of Raleigh, N. C.,—and laid to rest in Blandford Cemetery.

It was but a few weeks ago that we were called upon to chronicle the death, (from the same disease that terminated the life of the mother,) of her son, Mr. Norborne S. Pescud, near this city, and it may be mentioned as a remarkable incident, that at the burial of the former, on Friday, the grave of the latter caved in upon hers—and the two—between whom there always existed the most tender affection—were laid side by side under the same sod.

At the same time, the remains of Colonel Pescud were removed from the Spotswood Square, and interred by the side of the wife and son.

The deceased, we believe, is the last of the immediate family of Peter Francisco.—Of her own family—once so large, so gay and so popular, there now remain but four—Mr. P. F Pescud, a prominent citizen and druggist, of Raleigh, N. C; Mrs. Marcellus A. Gatling, of Prince George county, near Petersburg; Mrs. Kate B. Albertus, Hertford, N. C., and one other daughter, whom we cannot now locate.

Owing to the feeble condition of her mind and body, the death of her son Norborne, was never communicated to her.

The deceased left many dear friends in this community, and a large number of acquaintances who have a pleasing remembrance of her worth. She was a woman of great physical strength, of vigorous intellect and of wonderful energy. Her husband, Col. Edward Pescud, and the editor of the *Republican*, a newspaper published in Petersburg a great many years ago—a man of kind heart and genial manners, and who is well remembered by our older citizens.

A cutlery firm at Sheffield, England, have sent ex Secretary Seward an elegant penknife with a star for each State of the Union set in gold upon the ivory handle.

THE PROTEST OF THE BAR.

This solemn paper, coming from more than one hundred members of the North Carolina bar, is singularly appropriate at the present time. If unavailing to reclaim the character of our Judiciary, it is a manly and timely protest against the evil practices which must destroy its usefulness and damn its name. It was a just and beautiful thought, to borrow the idea of a venerable and distinguished member of the Wilmington bar, upon a late public occasion, which gave to the Judiciary, as its characteristic emblem, the name of that exquisitely delicate animal whose snowy coat cannot be soiled without producing death. The Ermine dies if its spotless robe be once contaminated, and so the slightest contact with aught unclean, is fatal to the Judge. It has been the proud boast of North Carolinians that no spot had stained the judicial ermine of the State, but that it had fallen upon successive shoulders, pure and stainless.

Our Judiciary has been our chief pride—far removed from all corrupting influences. Living in an atmosphere high above the disturbing currents of fear or favor, it has heretofore looked down with calm and unruffled serenity on the conflicts of parties, individuals and sects—the passionless embodiment of Justice. Taylor, Hall, Cameron, Henderson, Murphy, Norwood, Caldwell, Daniel, Toomer, Gaston, Nash—we speak only of the dead—no abler or purer men have been vouchsafed by Heaven to the people of any State or country. It is the language of Chief Justice Marshall, "Heaven has no punishment for a sinning people so great as a corrupt, because a dependent, judiciary," so there is no blessing like a pure and upright, because an independent judiciary.

Such has been the bench of North Carolina. When the bar witnesses the judges forgetting their own duties and the proud history of their predecessors, and entering the political arena, it is well that they sound the note of alarm, and interpose their influence to awaken in the minds of the judges a due sense of the dangers to public liberty, the sacrifice of their own and their State's reputation, and the prostration of the high and honorable stations which they occupy. We thank these gentlemen, in behalf of the people of the State, for their manly and timely warning.—*Wil. Journal.*

BLACK GUM AGAINST THUNDER.

It does seem that there is a fixed determination to "weed" carpet baggery "out" in the State of North Carolina. Until recently the carpet beggers have received nearly all of the honor and profit of the Federal offices in the State. But Sinclair says the Ajax of the Republican party has struck the carpet-baggers a blow, and they must "die in Spring time," or earlier, if possible. In fact Mr. Sinclair is a living, breathing, moving evidence of the truth of his assertion, for he has been nominated by the President for the very snug position of Assessor of the 2nd District. And then we find nominated Wm. B Richardson for the 3rd, and Wm. Barrow for the 1st District. These are all triumphs over carpet-baggery.

We might refer also to Carrow's victory over Ratheriord for the Marshalship, Jones' demolition of Byrnes for the Presidency of the Western Railroad, and to other similar instances in which *tar* has proved its superiority over *wooden nutmegs*.

Beyond all doubt, the carpet-baggers have seen their best days in North Carolina. Republican *tar* will prevail or be the staple. Gen. Abbott will not serve a second term in the United States Senate. The Pilgrim Father will be "dead as Hector" before the expiration of his present lease of power.—We shall have no more such officials as "Major" J. W. Schenck (who, we are informed, cannot show even a *Captain's* commission, though he was in the quartermaster's department), Provisional Grand Commander of the Grand Army of the Republic, ex-dealer in dogwood blossoms and persimmon bark, *quondam* shingle "getter," and manufacturer of *straw bonds*.

Verily, the Ajax of the party has struck carpet-baggery a blow; and it is a staggerer, too.—*Wil. Star.*

NEW ADVERTISEMENTS.—Bananas and Oranges at A. D. Royster & Bro's.

Valuable real and personal property to be sold by W. A. Montgomery, Trustee, at Warrenton, N. C. on May 13th.

Fine Flour, Pure N. C. Whiskey and Cotton Plows, for sale by B. P. Williamson

NORTH CAROLINIANS will be interested to know that Messrs. Hurd and Houghton, of New York, have announced for May, the Poems of our gifted townsman, Theo. H. Hill, Esq.

THERE were no telegraphic dispatches received last night owing to the wires being down.

THIEVING.—Many complaints come to us as to the inefficiency of the city police.—How this is, we can only judge from facts. On yesterday we noted three robberies.—To-day a gentleman was in our office, who was robbed last night. It is only some two weeks ago, since he was first robbed. We learn that on some nights there are from four to six robberies perpetrated, and yet no one is punished. Some change ought to be inaugurated. It is reported to us that there must be an organized band who are engaged in these nightly outrages. If they cannot be stopped otherwise, the Mayor would do well to employ some New York detectives who would soon catch the villains.

We regret to learn from Prof. Kerr, that his loss was greater than we yesterday reported. He lost $200 in money, and over $300 in clothing. The rogues entered his house by forcing a blind, which was, as he supposed, securely fastened with bolts.—They took the trunks into the yard and rifled them. They were found scattered around next morning. The clothing can be identified, so honest people would do well to keep a look out. A good deal of cloth of various sorts, not made up, was stolen, chiefly for summer wear.

THE following notice of the North Carolina Real and Personal Estate Agency we clip from the Wilmington *Journal*. We are informed by one of the Company that tickets are going off rapidly, as many as one thousand being sold in a day:

We direct attention to the announcement by the North Carolina Real and Personal Estate Agency of a great sale of real estate and personal property, to take place in Raleigh so soon as the tickets shall be disposed of. This Agency has been chartered by the Legislature of the State. The Treasurer is required to enter into bond and to deposit daily in bank all moneys received, where they will remain until all the tickets are disposed of. Directors and Supervisors have charge of the operations and drawings. They are men well known in our State, and the Agency comes highly recommended by our Raleigh exchanges. The property to be sold is very desirable, and much of it very valuable.

The advertisement presents a list of the property and all particulars of the drawing, to which we invite the attention of our readers.

GRANT'S APPOINTMENTS.—Grant's friends are sadly disgruntled. He has blundered day after day in his selections, and now his professed friends are raising the cry against him. One of them, the New York *Courier*, has the hardihood to speak of them as "a set of lean crows, the like of whom never perched on the fence of Uncle Sam's cornfield before, or cawed their beggarly satisfaction from the open doors of his crib."

NOT COUNTERFEIT.—An impression of the five dollar greenback in which the words "This note in secure," &c., was run out about one-eighth of an inch to the left of the centre of the bill, has long been considered counterfeit. This note has been examined, however, by the proper officer at the Treasury, and pronounced genuine though no account is given of the irregular position of the words in question.—*Wash. Express, April 17.*

MR. STOKES TO STUMP AGAINST EX-PRESIDENT JOHNSON—FIRE AT MURFREESBORO.—*Nashville, April 16.*—Hon. W. B. Stokes arrived here this evening. He will speak to-morrow in opposition to Mr. Johnson, and will probably be Republican nominee for governor.

A fire at Murfreesboro burned the entire west side of the public square. Some sixteen stores were burned, besides other buildings, including the Odd Fellow's Hall. Loss, $75,000.

President Grant has notified Mr. Motley that he expects that he will be at his post in London, ready for duty, on the 1st of June.

STATE NEWS.

We regret to learn that one of the Hotels and the store of G. Marshall, at Hickory Tavern, on the W. No. Ca. R. R, were consumed by fire one night the present week. The fire originated in the hotel building.—*Charlotte Times.*

Ripe strawberries, green peas and cucumbers have appeared in Newbern.

Judge C. R. Thomas is lying dangerously ill.

The Hillsboro *Recorder* is to be enlarged. It is a spicy paper and deserves success.

DISGUSTING.—A white man on the train at the Shops the other night threw his arm around a negro waiter and fairly hugged him. He pulled him down to him with his arms around his neck and whispered in his ear. A couple of negroes sitting near and witnessing the sight—one of them sung out: "I tell you what—I nebber could countinance sabel equality." The fellow was a yank. After the waiter left the car he said—so as to be heard—that he was after "good waiting on." It seems that he eat at that place occasionally. Let us have 'an ounce of cive."—*Hillsboro Recorder.*

We learn that just before going to press, that on Friday night last, a negro woman and child, former slaves of Edmund Lilly, were burned to death. The husband of the woman was badly burnt, also, and he is not expected to recover.—*Wadesboro Argus*

ROXBORO.—It is a game little town. Has seven stores and two tobacco factories. One of these stores in less than one month during last year sold $4,300 worth of merchandise. The tobacco factories have bought up pretty nearly all the crop in Person county. The hotel at Roxboro is creditable to the place.—*Hillsboro Recorder.*

ANNUAL CELEBRATION.—On Monday next, the 26th instant, the Odd Fellows of this city, in common with those all over the country, will celebrate the 50th anniversary of the introduction of the Order in the United States. The members of Cape Fear Lodge will appear in procession on the streets on the afternoon of that day, and will proceed to the City Hall, where an address will be delivered by Past Grand Master, Rev. A. Paul Repiton. At night there will be a grand ball and supper, which will close the celebration.

ANOTHER GOLD DISCOVERY.—We learn that another rich gold vein has been discovered near the Shemwell mine, and our friend Captain Robertson and Mr. James Robertson have secured a lease upon it. Their experience in mining in this country and in California will ensure a successful working of the mine, if the gold is to be found. Mr. James Robertson, who is familiar with the gold veins of California, assures us that the veins of this section are far superior to nine tenths of them, and all that is needed here is proper machinery and energy to develop our mineral resources to make this rival the Golden land in its palmiest days.—*Rutherfordton Vindicator.*

The *Chronicle* says that Senator Winstead, of Person, has been appointed President of the Eastern & Western Railroad Company.

A mill belonging to Currie and Malone near Leasburg was feloniously entered twice last week and a considerable quantity of grain taken.—*Hillsboro Recorder.*

THE RAPE CASE.—The investigation of the case of Wm. B. Rogers, charged with committing a rape upon the person of Sarah Matthews, attracted a large crowd of spectators. A number of witnesses were examined, including Mrs. Matthews herself. At the close of the examination, Justice McQuigg proceeded to discharge the prisoner, justly concluding that the evidence did not tend to show that a rape had been committed.—*Wil. Journal.*

Court meets here Monday the 26th. There are 386 civil and 40 criminal cases on the docket. An important murder case is to be tried. The State vs. some negroes for conspiring with a wife in the murder of her husband, Graham, Argo and York are for the defence.—*Hillsboro Recorder.*

HAIL STORM.—A heavy hail storm passed between Cedar Grove and Prospect Hill on last Sunday evening. Some of the hail stones are said to have been the size of a guinea egg. They stripped all the buds from the fruit trees. There was much thunder and lightning and a heavy rain that lasted till in the night.—*Hillsboro Recorder.*

INSANE ASYLUM.—The law also relieves the various counties from levying taxes hereafter (as heretofore) to aid in defraying the expenses of the Asylum.

That portion of the law which releases patients from paying their own expenses who are perfectly able to do so, is unjust and imposes an unnecessary burden on the State Treasury. There are wealthy patients in the Asylum, and in some cases persons who have nothing else to do with their money or property. There is a female patient from this county, with wealth enough to pay her expenses in amplest manner, and who has no heirs or relations of any sort; but according to the law she must be supported by the State. We merely mention this case to show how our legislators either thoughtlessly or wilfully impose additional and unnecessary burdens on the public revenue.—*Charlotte Democrat.*

SUPERIOR COURT.—The Spring term of the Superior Court, Judge Russel, presiding, will be convened in the Court House in this city, to-morrow, (Monday) morning. A heavy amount of business is before it, and a two weeks session is almost inevitable. We hear that an exchange has been effected between Judges Russell and Thomas, by which the latter will preside here one week of the term. Judge Thomas having decided against the Stay law, if the civil docket comes up before him, as it probably will, his ruling will no doubt be the same as heretofore, and the fact is important.—*Wil. Journal.*

"INKLINGS" FROM THE HILLSBORO' RECORDER.

AN INDULGENT PARENT.—Government Pap.

TO RAISE THE STAMPS.—Blow up a revenue office.

TO AVOID FLEAS.—Resist, and they will flee from you.

HEAVY JOB.—Gov. Wells—of Virginia—threatening to "throw up" his office.

READY.—Several old women South have got their "chists" packed waiting for Gabriel to blow his horn.

SHE WORE A WREATH OF ROSES.—"And a waterfall too!" cried a little miss, as the piece was read out at a female concert.

TOLERABLY WELL.—How are you, Mr. A?
Tolerably well; how are you, Mr. B?
Tolerably well; how are all with you?
All tolerable, I thank you; how are all with *you?*
Tolerable well, at my house. How have you been?
Tolerable, I thank you. You are looking well.
Yes, I'm tolerable well. Well, good day.
Good day.

And so they go. And to our certain knowledge the family of each had destroyed the half side of a hog for dinner.

It is reported that a large crop of wheat will be obtained this year in California.—The farms yield from twenty to fifty bushels of wheat per acre. It is calculated that the profit of 1,000 acres of wheat will be $16,800, twenty bushels to the acre being raised, and price averaging two cents a pound. The counties along the seacoast, however, it is stated, do not raise good wheat. After one or two sowings on the coast the best wheat degenerates into second quality. MARRIED,

In Henderson on the 14th. inst., Mr HENRY C OLDHAM of Wilmington N. C., to Miss MARY A. COX, daughter of Jas. W. COX.

In Charlotte, on the 13th inst., by the Rev. E. J. Meynardie Mr. W. M. HENDERSON to Miss N. J. NORMENT.

On the 6th. inst., in Franklin county, N. C., by Rev. J. W. Wellons, Rev. R. CLAIBORNE TUCK, of the N. C. Christian Conference, and Miss GEORGIANA WINSTON, daughter of Sidney R. Winston, Esq.

Thursday night, April 15th. at the residence of the bride, by the Rev. R. A. Willis, Mr. C. T. WATSON to Miss KITTY J. DIDDLE.

DIED:

In Charlotte, at the residence of Mr. Allen Macaulay, on the 13th. inst., Mr GEORGE STEN HOUSE, of consumption, aged 44 years.

On Sabbath morning, April 4th., Mrs. SARAH E. WORTHAM, wife of Ed. W. Wortham, of Granville county.

Died at his residence in Chatham county on the 8th. of April WILLIAM HEADEN in the 73d year of his age. In recording the death of this estimable gentleman the write feels called upon to say more than is usually bestowed upon the character of men who have lived in great retirement. Descended from ancestors of Revolutionary fame Mr. Headen inherited all the sterling grits, pure virtue, incorruptible patriotism, and devotion to the principles of the Constitution which in mixed measure to all those olden time gentlemen who received the impress of Washington's administration of the Government.

Mr. Headen's family connections in Chatham County were large and influential and were coeval with the formation of the county. His people in the early day's of the Government stood side by side with the most destinguished citizens of the county. The Alstons and Mordecai's and Jacksons and Scotchocks and Brangs, Manys and Taylors were all families who long ago in social and political intercourse, and such a phalanx of good and true men, never considered themselves irresistible until they were backed by the Headen clan of patriots.

The subject of this notice was a diffident retiring man was always seen on the side of virtue and uprightness of conduct, was a friend to the poor, warm in his attachments devoted to the county which gave him birth, and would have surrendered his life at any moment, to have arrested the terrible calamity of the war between the North and the South.

In conclusion I will say, that Mr. HEADEN was brave, kindly, gentle in spirit, and I never knew a human being of more stubborn nerve but at the same time of more shrinking modesty.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

TELEGRAPHIC.

Wednesday Evening Dispatches.

FROM NEW YORK.

NEW YORK, April 21, M.—The London special to the *Herald* understood that the American Minister Motley, had forwarded a demand for explanation regarding the seizure of an American vessel, Mary Lowell, while in charge of British officers. This fact, in connection with the reinforcement of the American fleet in West India waters, creates sensation. It is likely to affect, disastrously, the Spanish loan

FROM WASHINGTON.

WASHINGTON, April 21, M.

Conservative Republicans are endeavoring to participate in the appointed hearing on Friday accorded by Grant to the Wells party of Virginia, where it is understood the time for the election and points of the Constitution proper for its submission to separate vote, will be discussed.

FOREIGN.

HAVANA, April 21, M.—Diario announces that the Insurgents are closely besieging Trinidad.—Troops are hurrying from Cienfuegos to relieve Trinidad. It is reported that a Nassau steamer had landed a large cargo of insurgents at Puerto Sama on the Northern coast, Eastern Department.

LATER.

It is reported that the Insurgents are evacuating the neighborhood of Trinidad. Two thousand Spaniards had arrived. Senvitas will march immediately against the rebels in Puerto Principe region.

The Commission appointed by Dulce to reserve the proceeds of confiscated property have commenced operations.

FROM PARIS.

PARIS April 21.—The Corps Legislative is discussing the reduction of export duty on brandies to the United States.

ASSASSINATION.—Jo. Turner has been very severe on the Legislative hands, and others in authority, showing up their rascality and corruption through the *Sentinel*, thus exposing their villainies to the people of the State, and the consequence is, that he has incurred the hatred and *fear* of the carpet baggers and native leaders of the Radical party who are growing rich off their stealings from the State, and a short time since, a mob, headed by Joe Holden, the Speaker of the House, with C. L. Harris, Superintendent of Public Works, C. M. Farris, Keeper of the Capitol, Jenkins, Chief Clerk and son of the Treasurer, B. F. Menninger, Clerk and brother of the Secretary of the State, and others went to the Depot to attack Turner, who had been absent from Raleigh, on his return. The pass advanced on Turner, who drew a pistol and told them to halt, or somebody would get hurt. The valiant Holdenites seing that Joe Turner was not to be frightened by them took him at his word, but did a big thing in the way of using "cuss words" and brandishing weapons, until the police came up and arrested the parties.—W. W. Holden, the man who "writes himself Governor," made a speech to the mob, saying he approved of everything his son Joe had done, and Gen. Estes, a carpet-bag member of the Legislature said that if any person would shoot Joe Turner even in the back he could be pardoned immediately, or it might be, have his pardon in his pocket when he committed the act.

Coupling the facts together of the attempt of Joe Holden and others to assassinate Turner at the Railroad depot, and the speech of the Governor that he approved of it, and the remarks of Gen. Estes, a man high in the confidence of Gov. Holden, the only man that has the pardoning power, "that any man who would shoot Joe Turner could be pardoned immediately, or could have his pardon in his pocket before he committed the act," and the cowardly attempt to shoot him in the back, makes a strong chain of circumstantial evidence against those parties at least, and although the Gov. may propose to offer a reward of Five Hundred Dollars for information that may lead to the detection of the would be murderer, the people of North Carolina can't help but believe that he could find out the guilty parties at a much less figure.

Holden declared sometime ago that he intended to sit at the feet of Brownlow and learn of him as did Paul of Gamaliel, and as Brownlow adopted the pardoning system to get rid of distaste'd individuals, it is to be presumed that our "beloved Governor" has learned one lesson from the Tennessee fiend.—*Western Sentinel.*

DESTRUCTIVE FIRE IN BALTIMORE—A NUMBER OF FIREMEN INJURED.—*Baltimore, April 17.*—A fire broke out about 9 o'clock this evening at the carpenter shop of J. Buell, No. 14 McClelland alley, between Baltimore and Fayette streets, in the part occupied by a colored man named Cook as a cooper shop. The building was of brick, two and-a-half stories high. Shortly after the breaking out of the fire the front wall fell outwards into the alley, and a number of firemen were injured. J. Ross, an assistant engineer of the Fire Department, was impaled on an iron railing, the spearhead of the iron rod piercing his left side near the lungs. His injuries are very serious, if not fatal. Eight or nine firemen are seriously hurt, and three others are yet in the ruins. The fire has been extinguished, and they will soon be gotten out.

The loss on the building and material is several thousand dollars.

READ WHAT THE
HIGHEST INSURANCE AUTHORITIES
SAY OF THE
BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

WASHING COMPOUND.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this Soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is *undoubtedly* able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and the liability for notes given in part payment of premiums. In his dilemma, he goes into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,550.00
Total Premiums,	350,717.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	543
" Phœnix Mutual,	535
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year, $1,260 "
And in its 20th year, 2,842 "

this latter being 600 *less* than was issued by the NATIONAL in its first seven months.

CAPITAL OF THE STATE,

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

The Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the coarsest blankets. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt, WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housekeepers. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—we have the exclusive right to sell and manufacture in the State
